

Ortho Dermatologics Now Accepting Applications for 2022 Aspire Higher Scholarship Program

March 02, 2022

Students Impacted by Dermatologic Conditions Are Encouraged to Apply Through May 31, 2022

LAVAL, Quebec, March 2, 2022 /PRNewswire/ -- Bausch Health Companies Inc. (NYSE/TSX: BHC) ("Bausch Health") and its dermatology business, Ortho Dermatologics, one of the largest prescription dermatology health care businesses, today announced the opening of the application process for its 2022 Aspire Higher Scholarship program. The program, which was launched in 2013, will award nine students who have been treated for a dermatologic condition with a scholarship of up to \$10,000 in support of their academic goals.

"Many students continue to balance a mix of in-person and remote education in addition to part-time jobs and extracurricular activities. We recognize how challenging it can be to manage all of these responsibilities, particularly for those who are also dealing with the physical and emotional burdens of a skin condition," said Joseph C. Papa, chairman and CEO, Bausch Health. "For nearly 10 years, we have offered the Aspire Higher Scholarship Program to help these deserving students receive the support they need to pursue their higher education, and we remain committed to doing so."

To apply for the scholarship, students are required to submit letters of recommendation along with a long-form essay describing the impact of their dermatologic condition and the role that a dermatologist, physician assistant or nurse practitioner played in helping to treat their condition. Scholarships are open to applicants who have been accepted to or students currently attending an accredited, nonprofit, two- or four-year college, university, or advanced (post-high school) vocational or technical school for the 2022-2023 academic year.

Scholarships are available in the following three categories:

- **Undergraduate Scholar Awards** for students pursuing undergraduate degrees
- **Graduate Scholar Awards** for students pursuing graduate degrees
- **Today's Woman Scholar Awards** for students who are mothers pursuing either undergraduate or graduate degrees

"I couldn't be more grateful to have received the Ortho Dermatologics Aspire Higher Scholarship," said Olivia Kenyon, a 2021 Aspire Higher scholarship recipient and student at the University of Florida. "Thanks to the generous financial support I have been provided, I look forward to completing my undergraduate degree and attending medical school where I intend to become the first doctor in my family."

Students can apply for the Aspire Higher scholarship through May 31, 2022. The 2022 Aspire Higher Scholarship recipients will be announced in the summer of 2022. Forward-looking Statements

This news release may contain forward-looking statements, which may generally be identified by the use of the words "anticipates," "hopes," "expects," "intends," "plans," "should," "could," "would," "may," "believes," "estimates," "potential," "target," or "continue" and variations or similar expressions. These statements are based upon the current expectations and beliefs of management and are subject to certain risks and uncertainties that could cause actual results to differ materially from those described in the forward-looking statements. These risks and uncertainties include, but are not limited to, the risks and uncertainties discussed in Bausch Health's most recent annual report on Form 10-K and detailed from time to time in Bausch Health's other filings with the U.S. Securities and Exchange Commission and the Canadian Securities Administrators, which factors are incorporated herein by reference. They also include, but are not limited to, risks and uncertainties caused by or relating to the evolving COVID-19 pandemic, and the fear of that pandemic and its potential effects, the severity, duration and future impact of which are highly uncertain and cannot be predicted, and which may have a material adverse impact on Bausch Health, including but not limited to its project development timelines, launches and costs (which may increase). Readers are cautioned not to place undue reliance on any of these forward-looking statements. These forward-looking statements speak only as of the date hereof. Bausch Health undertakes no obligation to update any of these forward-looking statements to reflect events or circumstances after the date of this news release or to reflect actual outcomes, unless required by law.
